Compartments

Movable Egg Box (Optional)

Freezer Basket

Owner's Manual

Spanner

Ring Sheet

- The appearance or components of the appliance may differ from model to model.

1 Automatic Icemaker

This is where ice is automatically produced and stored.

- When not being used to make ice, the icemaker can be used as a freezer door basket.

2 Freezer Door Basket

This is where small packages of frozen food can be stored.

- Do not store ice cream or food which will be stored for a long period of time within these baskets.

3 LED Lamp

The LED lamps inside the appliance light up when you open the door.

4 Freezer Shelf (Optional)

This is where frozen foods such as meat, fish, and ice cream can be stored.

5 Freezer Drawer (Optional)

This is for long-term storage of frozen items.

NOTE

- The 2-star section (**) basket or drawer can be used to store ice and food from -12 °C to -18 °C for short periods.
- The top shelf of the freezer(1) will reach the set temperature the most quickly.
