

LG 49UK6400 49" SMART 4K UHD LED TV with Freeview HD

Enter a world of 4K Ultra HD with the LG 49UK6400 Smart Ultra HD TV. ThinQ AI brings intelligence to your TV, responding to your questions, while Ultra Surround puts you in the middle of your home-based cinematic scene. HDR makes whites brighter, intensifies colour and makes even the tiniest details crystal clear. Catch-up TV and your favourite apps like Netflix, Amazon Prime and BBC iPlayer are all built-in meaning you'll have all your favourite shows and the best boxsets at the touch of a button.
